4 Days of Community or Medical Service 5-Day Safari

Four days of community service will be at one of the three locations listed below:

Mwereni Integrated School for the Blind, Moshi

K2 Adventures Foundation discovered the Mwereni Integrated School for the Blind over 9 years ago. The school currently serves 640 children, age range of 4 -15 years old, from the community of Moshi. Seventy-five of these students are orphans who reside at the school. The orphans are either blind, albino or suffer from a genetic disease called Xeroderma Pigmentosum ("XP"). There is a medical facility on property that serves the dental and medical needs of the children. Spend the day playing with the children, teaching in the classroom, handing out donations, engaging in arts and crafts or enjoying a game of soccer or basketball with the students.

Summit Happy Home, Arusha

K2 Adventures Foundation purchased a one-acre parcel and is currently completing a functional multi-bed working home for displaced children currently living on the streets. The home will provide a safe environment, proper accommodations, essential medical care, and much-needed food & clothing for the children in need.

St. Joseph's Hospital, Moshi

K2 Adventures Foundation has partnered with St. Joseph Hospital to provide medical, dental, nursing and other community service opportunities for K2 Adventure travelers. Teams will work directly with this amazing hospital and staff performing surgeries, going on rounds, and participating in other activities that support the hospital. St. Joseph Hospital is one of the largest hospitals in Moshi!

The Crater harbors grassland, swamps, forests, salt pans and a freshwater lake all enclosed within its towering walls.
